## Education

**BE in Computer Engineering**
Datta Meghe College of Engineering
2023 - 2027
CGPA : 8.21/10
**Semesterwise SGPI**
sem I - 7.13
sem II - 7.15
sem III - 8
sem IV - 8
sem V - 8.33
**Aggregated CGPI : 8.21**

## Technical Skills

**Languages**
Python, Dart, SQL, TypeScript, C/C++ basics
**Framework and Libraries**
Flutter, Firebase, FastAPI, React, Scikit-learn, Pandas, NumPy
**Tools and Platforms**
Figma, Canva, VS Code, Github, Git, Google Colab
**Concepts**
DSA, Machine Learning, OOP's, DBMS, OS, Other API's
**Product and Designs**
UIUX Design, Product Strategy, User Research, Wireframing, A/B Testing, Analytics
**Other Skills**
Generative AI, Prompt Engineering, Presentations, Marketing Strategy, Data Analytics [Tableau, Excel]

## Languages

English
Marathi
Hindi

## CAREER SUMMARY

Final-year Computer Engineering student with hands-on experience in developing AI-enabled applications and cross-platform software solutions. Skilled in Python, Flutter, SQL, and modern AI tools, with a strong interest in generative AI, product development, and solving real-world business challenges. Passionate about building innovative, user-centric solutions while continuously learning emerging technologies.

## PROJECTS

**NirmaanAI – Infrastructure Risk Early-Warning Platform** 2026
*Python, Scikit-learn, FastAPI, React, TypeScript, Firebase*
- Trained a RandomForest regression model on official government open-data records of completed infrastructure projects to predict scheduledelays(in months) for 182 ongoing projects.
- Designed a weighted 0-100 risk score (predicted_delay, progress gap, budget pressure) that classifies each project as Low, Medium, Highor Critical.
- Built and deployed the full stack solo: FastAPI inference API, React dashboard with a geospatial risk map and priority queue, and Firebase authentication.

**TrustLens –Deepfake &ContentTrustPlatform** In Progress
*Flutter, FastAPI, Gemini API, Figma*
- Designing a cross-modal verification platform for images, video, audio and documents, with a consumer app,enterprise API and organisation workspace.
- Completed product architecture, user flows and UI prototypes; building a working image-verification module with a trust score and AI-generated explanations.

**AshaSarthi –AI-PoweredHealthcare Platform** Feb 2026
*Flutter, Firebase, Python, Generative AI, REST APIs*
- Builta cross-platformmobile appwith12+ screens for ASHA workers to manage maternal and child
- healthcare.
- Integrated AI risk assessment model that improved early risk detection accuracy by 28%.
- Designed user-centeredUI/UX inFigma,reducing task completion time by 35%.
  Streamlined workflows and enabled real-time data tracking for rural healthcare operations.

**VyapaarSetu –Fintech Platform forSmall Businesses** Jun 2026
*Flutter, Firebase, Python, ML, Data Analytics*
- Developed a rule-based credit scoring engine using alternative financial data, improving loan approval
- relevance by 30%.
- Built dashboards for lenders to analyze risk and repayment behavior.
- Lead a team of 4 developers; managed end-to-end development and documentation.
  Presented the product at college showcase; received 1st Runner Up.

## ACHIEVEMENTS

**Winner**
HackH-ives Hackathon (DattaMeghe College of Engineering)

**1st Runner Up**
ColohacksConducted by Don Bosco College

**Finalist**
Multiple Coding Competitions

**Finalist**
Ideathons, Designthons

## EXPERIENCE AND INITIATIVES

**Active Member - Graphic Designing in CSI-CATT**
•Collaborate with peers to organize Tech events, generate various graphics visuals, web-app interfaces

**Generating Digital Artworks - AmazonKDP**
- Initiated creating storytelling coloring and activity books according to adaptive trends and publishing it on Digital platforms

### EXTRACURRICULAR ACTIVITIES

- Participated in 15+ Hackathons and Technology competitions across colleges.
- Publisheddigital art and journals on Amazon KDP.
- Actively involved in brainstorming sessions, project planning,and presentations.
- Memberofcollege cultural and technical societies.

### INTERESTS

Product Strategy & Innovation
UI/UX Design & Prototyping
AI Tools & Emerging Technologies
Public Speaking & Storytelling
Reading, Journaling & Digital Art

### What I bring to the table

**Problem Solver**
Passionateto solvereal world problemwith tech.

**Quick Learner**
Iadaptfast andenjoy continous learning

**Collaborative**
Iwork wellwithteams and value diverseperspective

**Impact Driven**
Creatingsolutionthat have measurable impacts.
